

REVERE USCG COASTAL PACK LIFERAFT

Revere USCG Coastal Pack Life Rafts are renowned for the uncompromising quality and design sophistication. These rafts are available in sizes 4, 6, and 8 person and comes with a standard 2-year warranty.

Every Raft comes packed in a either weatherproof fiberglass “low-profile” container to keep the raft protected for longer service life or water resistant soft valise. The container is secured to an aluminum deck-mounted stowage cradle with a hydrostatic release, allowing for both manual and automatic launching. Features include canopy and boarding ramp for all models.

Note: All rafts contain a Coastal Pack in lieu of a SOLAS Pack.

Valise

Low Profile Container

Coastal Equipment Pack:

- Bailer
- Sponge
- Topping-up Pump
- Sea Anchor
